Thanks for going back through my comments and revising the comments. Your changes look good and I've nothing further to add.

I'd guess that a lot of these details will likely appear in the work plan, once a Phase III is approved. I hope we get to review that workplan before DEP gives it a final blessing.

Cindy-

After now having had the opportunity to review and consider your comments, I feel that they are all predominantly addressed in the comments we issued to MassDEP – some very directly and some more broadly than your specific comments but I think our broad comments adequately address the issue. I have incorporated a few changes in the attached to add in some supporting language from your comments into comments we already made. If you agree, I will make these proposed changes and reissue our comments with these fixes to Angela.

Kim-

Do you intend to issue separate TSCA comments on the Phase III to AVX?

Cindy!!

I am so sorry. I am just opening this now. I did not know you sent me these comments on the Phase III!! I was so inundated with emails, I had not opened this. I am printing now. If I need to revise our comments to address these, I can do that. I'm tied up most of the day. I'll try to call to discuss sometime after 4pm.

Ginny

Only had yesterday and today to read and comment on this so sorry to get you these comments so late today. Call if you want to discuss. If you have time, could I read what you are planning to send to MassDEP before it goes out?
